This Week - Practical Evening

We have a varied choice of topics for this first Practical Evening of the year. Normally we ask members to indicate which subjects they're interested in, but being the Festive Break this hasn't been possible. Please look at the list below and just turn up on Monday night. I'm sure between us all we'll get it into some sort of organised order. Some will be double sessions and some single, meaning you can put your name down for two subjects, or the same one twice if you prefer.

SUBJECT	TEACHER	EQUIPMENT NEEDED BY MEMBERS
TRIPTYCH / 3 OF A KIND	STEPHEN FROST	NOTHING
VERY BASIC PHOTOSHOP (NO LAYERS)	ROB CROSS & CAROLE PERRY	BRING YOUR LAPTOPS PLUS ONE OF YOUR OWN IMAGES YOU WOULD LIKE TO WORK ON
LIGHTROOM	STEVE MOORE	BRING YOUR LAPTOPS
'ASK THE EXPERTS' QUESTION & ANSWER THIS IS WHERE YOU CAN ASK ANYTHING ABOUT PHOTOGRAPHY IN GENERAL	BRIAN WHEATLEY & GRAHAM ORGILL	NOTHING
CAMERA BASICS - KNOW YOUR CAMERA A VERY BASIC SESSION ON HOW YOUR CAMERA WORKS AND WHAT EVERYTHING DOES.	DAVE HANMER & ROY WESTWOOD	BRING YOUR CAMERA PLUS INSTRUCTION MANUAL IF YOU HAVE ONE
MONO CONVERSION	ALAN GRIFFITHS	NOTHING

If any of the more experienced members would like to help 'teach', but not lead a table, please feel free to join one. I'm sure your help would be most appreciated in giving a more 'one to one' experience.

Next Week 13th Jan - Tesni Ward 'Developing Your Wildlife Portfolio'
We welcome back an Tesni Ward. Tesni visited us a couple of years ago and gave us a really wonderful evening. Tesni is an ambassador for Olympus cameras.

'The Perimeter'
I like walking and photography, but this is something else. The Perimeter is a photography project by Quintin Lake based on walking 10,000km around the coast of Britain. Quintin's project began on 17th April 2015 at St Paul's Cathedral and he is following a clockwise route around the coast. He expects his journey to take around five years. He will be walking for two to three months per year and the daily distance will be 20-40km. Details of the walk plus route and pictures: [The Perimeter](#)

LED Lighting
We have finally gone to full LED house lighting. I've worked out that with the cost of the lights, the longevity *[alleged]* of LED's, the lower power consumption in twenty-three years I'll be in credit
